CENTRAL INTELLIGENCE AGENCY

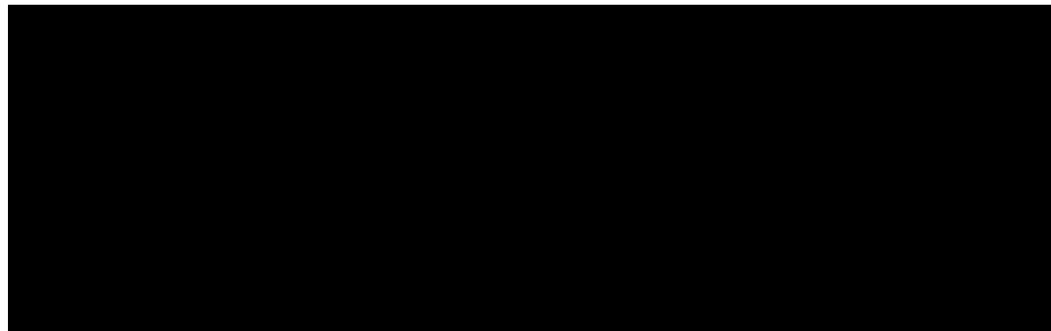

27 July 1956

MEMORANDUM FOR THE INTELLIGENCE ADVISORY COMMITTEE

SUBJECT: Release of NIE 91-56, "The Outlook for Argentina," to
Certain Foreign Governments

1. The Board of National Estimates has reviewed NIE 91-56 with a view to its possible release to certain foreign governments and regards the following factors as relevant:

a. Precedent. The prior estimates on Argentina, NIE 91-54, "Probable Developments in Argentina, 9 March 1954, and NIE 66, "Probable Developments in Argentina," 13 June 1954, were not released to any foreign government.

c. Classification and Sources. This estimate does not compromise intelligence sources or NOFORN materials for which CIA is responsible. The Board is not in a position to determine whether release would compromise NOFORN data or intelligence sources for which other agencies are primarily responsible.

d. Substantive. The Board notes that para. 45, and the first sentence of para. 47 (also reflected in the first sentence of para. F-1, Short Conclusions, and para. J, Long Conclusions) of the 13 July draft appear to bear on "defense of the Western Hemisphere" within the meaning of the so-called Burns-Templer Agreement, and should therefore presumably be deleted. With respect to substantive content otherwise, the Board perceives no objection to release.

2. Conclusion. On the basis of the above factors, and subject to a review by other agencies of the issue of compromise of intelligence sources and NOFORN materials, the Board perceives no objection, from an intelligence viewpoint, to the release of NIE 91-56, appropriately sanitized as noted above, [REDACTED] and
25X1C recommends such release. 25X1C
